Dear Mr. Montrose:

The Accrediting Commission of Career Schools and Colleges (“ACCSC” or the “Commission”) has accepted the Application for Initial Accreditation-Part I from California Trinity University located in Los Angeles, California. Please refer to the top of this letter for the school number you have been assigned by ACCSC and include your school number on page one of the Application for Initial Accreditation-Part II (“application”). A copy of this letter must be submitted as part of your school’s Self-Evaluation Report (“SER”).

**Compliance with ACCSC’s Standards of Accreditation is required, effective as of the date of this letter (Section II (A)(1)(f), Rules of Process and Procedure, Standards of Accreditation).** It is recommended that you review current school policies and procedures to ensure compliance with accrediting standards. The school will undergo the required on-site evaluations to verify information and to evaluate compliance with accrediting standards.

Once the Application for Initial Accreditation-Part I has been accepted, and as the institution advances in the accreditation process, the school also must comply with and adhere to all substantive reporting and application requirements. The Commission requires each school holding accreditation status or that has had an Application for Initial Accreditation-Part I accepted to submit a Financial Report each year in accordance with established and prescribed timelines. The Financial Report includes the school’s financial statements prepared in accordance with the ACCSC *Instructions for the Preparation and Submission of Financial Statements and Related Information*. **The Financial Report must be received in the ACCSC office no later than 180 days following the school’s fiscal year end** (see Section V (C)(1), *Rules of Process and Procedure, Standards of Accreditation* and ACCSC *Instructions for the Preparation and Submission of Financial Statements and Related Information*).

Following is the list of programs included in your school’s Application for Initial Accreditation-Part I Program Chart. This information is current as of the date of this letter and is part of the official record. California Trinity University will find the Commission’s requirements for the addition of new programs and modifications to existing programs in the *Standards of Accreditation*. Please refer to Section IV, *Rules of Process and Procedure* for a more detailed explanation of all processes and procedures.
